

## NATAB Accreditation Fee Calculation Form

Name of Training \_\_\_\_\_ Circle Training Year **1 2 3 4**

Name of person responsible for payment of accreditation fees \_\_\_\_\_

Tuition is calculated based on enrollment at the beginning of each training year, not on days attended. For trainees who have been added or dropped to or from enrollment during the training year, the accreditation fee may be prorated based on the portion of the year missed. Accreditation fees are to be paid for all trainees enrolled including those who may have time to make-up.

FGNA will automatically bill you \$100 per training year for each trainee enrolled in your training program, but instead of paying that rate for all your trainees, you may use this form to calculate reduced accreditation fee based on total tuition due for the training year (it is not based on the amount you have collected, but on the total amount due to you for each year of the training).

Accreditation fees are due at the beginning of each training year. Full payment paid within 30 days of the beginning of the training year will receive a 5% discount. Payments after the beginning of the next training year will be assessed at a late fee of 5%. Payments may be made according to an agreed upon payment plan with the FGNA bookkeeper. All late payments will be assessed a 5% late fee.
